An aerial photograph of a model city built on a map. The city includes a purple car, a red truck, and two white cars. The map shows various geographical features like rivers and roads.

Micro Machines® Insiders™ Play™ Playsets

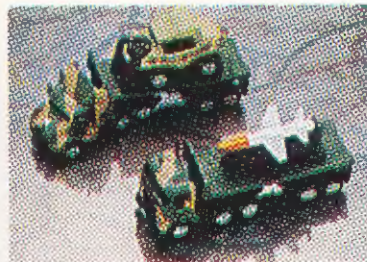

The image displays a variety of Micro Machines Insiders Play Playsets. On the left, there's a large, multi-story building with a red and white facade, possibly a gas station or a store. Next to it is a car wash with a blue and white striped awning. In the center, a red car is parked on a grey road. To the right, a yellow car is visible. Further right, there's a small town area with a green lawn, a white house, and a small yellow car. The background features a large, colorful mural of a city street scene with various buildings and cars. The overall theme is a miniature town or city.

Playsets and vehicles sold separately
